

## Shutz-Christopher Memorial Award Application

In an effort to encourage students from the Greater Kansas City area to enter the fields of science and Alzheimer's research, the Shutz-Christopher Memorial Award was created to benefit students to participate in the eight-week Banner-ASU Neuroscience Scholars Program, located in the Greater Phoenix area. The award provides the financial resources needed to support students who might not otherwise be able to participate in the program. Award amount is up to \$2,500.

### Eligibility

- Must be from the greater Kansas City area
- Going into medical/research field

One of the criteria for this award is financial need. Please describe how you meet this criteria. \*

(300-word max)
